

PROSPECTUS
PRO 30 DAY
SOCCER TRIALS IN GERMANY

PLAY SOCCER ABROAD!

IFX welcomes you to our organization and we are looking forward to working with you during IFX experience. Your journey abroad will be challenging, yet rewarding in many ways. In order to prepare you for your program, please read through the IFX Prospectus to learn about our different processes and for tips on different things while living abroad.

This guide discusses all aspects of your upcoming program including important information about the program region, the school, club placement process, and more. Please read thoroughly through this program guide and should any further questions arise, please let us know.

NÜRNBERG

Welcome to Nürnberg, a city that blends world-class soccer opportunities with a rich cultural backdrop. Located in Bavaria, just 170 km north of Munich, Nürnberg is the second-largest city in the region and a true sports hub. Its central location makes it easy to explore, but what really sets Nürnberg apart is its passion for the game and its vibrant lifestyle.

For soccer players, Nürnberg offers an inspiring environment. The city is home to 1. FC Nürnberg, one of Germany's historic clubs, playing at the impressive Max-Morlock-Stadion, which seats 50,000 fans. Here, soccer isn't just a sport - it's part of the city's identity. Training in Nürnberg means immersing yourself in a football culture that values discipline, teamwork, and technical excellence.

Beyond the pitch, Nürnberg provides everything an athlete needs to thrive. Modern facilities, easy access to gyms, and a safe, welcoming atmosphere make it ideal for focused training. When it's time to relax, explore the charming old town, enjoy authentic Bavarian cuisine, or visit the famous Christkindlesmarkt, one of Europe's most iconic Christmas markets.

Nürnberg is also a city of innovation and history - once a center for art and science, home to Albrecht Dürer and the birthplace of Copernicus's revolutionary work. Today, that spirit of excellence lives on, making Nürnberg the perfect setting for your 30-day soccer experience. Here, you'll train hard, grow as a player, and create memories that last a lifetime.

CLUB TRIALS & TRAINING PERIOD

The Pro International Fútbol X-Change (Pro IFX), is a uniquely structured international soccer trials program for players searching for a way of how to become a soccer player in Europe and is very different from the standard international soccer camp or academy.

Not only does it give qualified players access to our extensive network of professional and semi-professional/Amateur soccer clubs in Germany, but it also allows them to experience soccer and life in another country, giving them total immersion in a foreign professional or amateur soccer club. IFX places each player individually among our various partner foreign club teams to train for a period of 30 days, and arranges for the players' accommodations. IFX has placed hundreds of players with German

clubs through the Pro IFX 30 Day soccer trials in Europe program.

The training and time period for the soccer trials in Europe are opportunities for players to experience intensive training routines, develop a quicker sense of pace and decision-making, enhance their overall technical and tactical ability, and showcase their talent to our partner clubs.

All partner clubs seriously consider IFX players as prospective members of their roster. Many past IFX participants have become active members of their original host club, using the Pro IFX as a starting point in their international soccer career.

COMPENSATION OF CLUBS

Should the club that offers the IFX participant a spot on their roster, also offer them financial remuneration, we will discuss their terms directly with the participant. Participants who are intending to play in the NCAA or already play in the NCAA and plan to return, must be careful about the amount of remuneration received by a club. In general, the participant is permitted to receive no more than what could be considered as reimbursement for soccer related expenses such as travel to/from training.

For Amateur/Semi-pro teams, clubs between the 4th and 7th divisions normally pay their participants something. The amount ranges significantly depending upon many factors including the clubs own financial situation and the desire the club has for a particular participant. IFX makes no guarantee that a participant will be paid or will be able to be placed with a club that pays their participants.

CLUB PLACEMENTS & PRO IFX YEAR PROGRAM

If a club with which the player has trialed during the Pro 30 Day Germany program makes an offer to sign the participating player, if the player would like to accept the offer to play for the IFX partner club and stay in Germany to play for the club, the player must enroll in the Pro IFX Year Germany program for the remainder of the season. Fees are prorated according to the time remaining in the season. The Pro IFX Year Germany program provides all participants with fully furnished accommodation in IFX private flats shared with other participants, enrollment and tuition in an intensive German language institute, full assistance with student visa process, roundtrip airfare, medical insurance, full management of the player throughout the season including management of the international transfer certificate process and player licensing process, as well as local guidance and support.

PLAYER HOUSING & ACCOMMODATIONS

Players participating in the IFX Soccer Pro 30 Day program are housed in fully renovated apartments located directly next to the prestigious TV Fürth 1860 sports complex. This strategic location provides an ideal environment for athletes taking part in football trials in Germany, combining comfort, functionality, and immediate access to elite training facilities.

The residence has been specifically designed to meet the needs of high-performance football players. Living next to

the training grounds allows participants to focus fully on their development, recovery, and daily routines, while experiencing life inside an authentic German football environment.

PLAYER HOUSING & ACCOMMODATIONS

FACILITIES

The SG Quelle Fürth is a German football club from the city of Fürth in Bavaria and host of IFX Soccer Academy in the same city.

SG Quelle Fürth was founded 1973. Its official matches are held in Gustav Schickedanz Sportfeld with a capacity for 7,000 beholders. Nowadays plays Landesliga Bayern-Nordost (VI Division).

SG Quelle Fürth is well regarded as a feeder team for some of the pro clubs in the area. Teams like FC Bayern Munich, Greuther Furth, TSV 1860 Munich and 1. FC Nuremberg are just some concrete examples of the exposure that Quelle players have.

TRANSPORTATION

During the IFX participant's evaluation and trial period, IFX will drive participants to/ from training. Once a participant is placed with a club, they will be responsible to get to and from training with public transportation. IFX will provide guidance to each participant on how to go about obtaining a monthly transportation train/bus pass that enables the participants to travel unlimited on public transportation throughout the region. The cost ranges generally from 50 – 75 Euros per month depending upon the region and country.

Participants are not permitted to drive vehicles while in the IFX program and will be subject to program dismissal should they be found driving a vehicle. Pro Year participants will be responsible to get to/ from IFX Training (mornings) with public transportation from program onset.
